

3.2V 150Ah LiFePO4 Battery Pack for Industrial Use

Our Product Introduction

for more products please visit us on tinkopower.com

Basic Information

- Place of Origin: China
- Brand Name: TINKO/OEM
- Certification: CE/ROHS/MSDS/UN38.3
- Model Number: TK32140
- Minimum Order Quantity: 10PCS
- Price: Negotiable
- Packaging Details: parer carton
- Supply Ability: 100pcs/day

Product Specification

- Weight: 2720g
- Environmentally Friendly: Yes
- Product Name: LFP 32140 Cylindrical Lifepo4 Battery 3.2V 150ah Lithium Battery Pack
- Origin: Dongguan, China
- Product Category: Lifepo4 Battery Pack
- Battery Type: Lifepo4
- Cycle Life: Long
- Toxic Metals: None
- Highlight: 3.2V 150Ah LiFePO4 battery , industrial LiFePO4 battery pack, 150Ah Lifepo4 battery with warranty

Product Description

High Safety 12V LiFePO4 Battery Pack 2720g Weight for Industrial Applications

Product Attributes

| Attribute | Value |
|--------------------------|---|
| Weight | 2720g |
| Environmentally Friendly | Yes |
| Product Name | LFP 32140 Cylindrical Lifepo4 Battery 3.2V 150ah Lithium Battery Pack |
| Origin | Dongguan, China |
| Product Category | Lifepo4 Battery Pack |
| Battery Type | Lifepo4 |
| Cycle Life | Long |
| Toxic Metals | None |

Product Description

The 24V LiFePo4 Battery Pack is a powerful and reliable energy source designed for electric scooters and EVs. With a high discharge current handling capability, this battery pack ensures optimal performance even during demanding usage.

One of the standout features of this battery pack is its long cycle life, providing consistent power output over an extended period. This makes it a cost-effective and durable choice for users looking for a sustainable energy solution.

Originating from Dongguan, China, this battery pack is crafted with precision and expertise, ensuring high quality and reliability. The manufacturing process follows strict standards to guarantee a safe and efficient product that meets the needs of modern electric vehicles.

When it comes to stability, this LiFePo4 Battery Pack excels with its high level of performance under various conditions. Whether you are navigating busy city streets on an electric scooter or embarking on long journeys in an EV, this battery pack delivers consistent power output for a smooth and reliable ride.

Weighing 2720g, this battery pack strikes a balance between capacity and portability, making it a practical choice for users who value performance without compromising on weight considerations. The lightweight design enhances the overall efficiency of electric vehicles, allowing for improved range and agility.

Features

- Product Name: LFP 32140 Cylindrical Lifepo4 Battery 3.2V 150ah Lithium Battery Pack
- Voltage: 3.2V
- Battery Type: Lifepo4
- Safety: High
- Size: 330*35*180mm

Technical Parameters

| | |
|----------------------------|----------------------|
| Safety | High |
| Cycle Life | Long |
| Voltage | 3.2V |
| Discharge Current Handling | High |
| Product Category | Lifepo4 Battery Pack |

| | |
|---------------------------------|--------------|
| Environmentally Friendly | Yes |
| Toxic Metals | None |
| Battery Type | Lifepo4 |
| Size | 330*35*180mm |
| Capacity | 150AH |

Applications

The TINKO/OEM TK32140 LiFePo4 Battery Pack is a high-quality product designed for various applications in the electric vehicle (EV) industry. With certifications including CE, ROHS, MSDS, and UN38.3, this battery pack guarantees safety and reliability for its users.

Originating from Dongguan, China, this battery pack boasts a stable performance and a long cycle life, making it a durable and cost-effective solution for EV manufacturers and users. The minimum order quantity of 10PCS ensures flexibility for different scale projects, and the negotiable price offers competitive pricing options.

Measuring at 330*35*180mm, the TK32140 LiFePo4 Battery Pack has a large capacity of 150AH, providing ample power storage for EVs. Its high stability further enhances its suitability for various EV models, ensuring consistent performance under different conditions.

Whether used in electric cars, buses, or other EVs, the TK32140 battery pack excels in delivering reliable power supply. Its supply ability of 100pcs/day ensures a steady source of these high-quality battery packs for manufacturers and distributors.

Packaged in paper cartons, this LiFePo4 Battery Pack is easy to handle and transport, simplifying the logistics process for businesses. The versatility of this product makes it ideal for a wide range of EV Lithium Battery Pack applications, including 48V systems.

Support and Services

- Assistance with product installation and setup
- Troubleshooting technical issues
- Providing information on battery pack specifications and usage
- Offering guidance on maintenance and care of the battery pack
- Warranty support and assistance with product returns or exchanges

Packing and Shipping

Product Packaging:

The Lifepo4 Battery Pack is carefully packaged to ensure its safety during transit. Each battery pack is securely wrapped in protective materials and placed in a sturdy box to prevent any damage.

Shipping:

We offer fast and reliable shipping for the Lifepo4 Battery Pack. Your order will be processed promptly and shipped out with a trusted carrier to ensure timely delivery. You will receive a tracking number to monitor the status of your shipment.

FAQ

Q: What is the brand of the Lifepo4 Battery Pack?

A: The brand of the Lifepo4 Battery Pack is TINKO/OEM.

Q: What is the model number of this battery pack?

A: The model number is TK32140.

Q: What certifications does the Lifepo4 Battery Pack have?

A: This battery pack is certified with CE/ROHS/MSDS/UN38.3.

Q: Where is the Lifepo4 Battery Pack manufactured?

A: The battery pack is made in China.

Q: What is the minimum order quantity for purchasing this battery pack?

A: The minimum order quantity is 10PCS.
